Instructor : Prof. Raluca Gera
Office : 260 Spanagle
Phone : (831) 656-2230; Fax : (831) 656-2355
E-mail : RGera@nps.edu
Web-site : http://faculty.nps.edu/rgera/
Sakai site : cle.nps.edu
Assisted by CPT Mat Fukuzawa (mbfukuza@nps.edu), CPT Brit Landry (blandry@nps.edu),
CPT James Williams (jrwilli1@nps.edu) and CPT Jamar Wrigth (jewrigh2@nps.edu)

Office Hours: Mon., Tu., Wed. and Thu. noon-1pm. The class time may not be enough
time for some students, therefore I highly recommend making use of the office hours.

Textbook: Calculus (early transcendentals), 7th Edition, by J. STEWART (Brooks Cole,

Homework: Regular homework assignments will be made, but none will be collected.
Students are expected to read ahead, in order to prepare properly for class.

Exams: There will be 5 exams, one each Fri. The lowest exam grade will be dropped,
however you have to take all 5 exams in order to be prepared for MA1114. No credit will
be given for answers without justifications.

Make-up policy : I will not be accepting late exams unless you talked to me prior to
the exam you’ll be missing. If you know you will be missing school, take the exam ahead
of time, if you let me know two days before the exam will be given. For sudden illness
and accidents, please see me upon your return to class.

Grading: Grades will be computed as follows:
400 points - 4 Exams at 100 points each exam;
The exam dates are: every Friday from 11am-1pm;

Course Description: MA 1113 and 1114 are introductory courses in calculus, which
should be reviews for most students. Upon completion of this course, the student should
be able to work with functions, limits, derivatives, integration, sequences, series, and basic
matrix algebra. Note that you will have a different instructor for MA1114, who will have
a different format for his class.
**Incompleteness:** An “incomplete” will be given only when a small portion of the work is not completed and for personal emergencies only, if the work has been completed satisfactory. The incomplete will not be given to avoid a low grade for the course.

**Schedule:**

For a schedule of sections covered, please see the sakai website, or you can access this part directly at: [http://faculty.nps.edu/rgera/MA1113/2014Winter/home.htm](http://faculty.nps.edu/rgera/MA1113/2014Winter/home.htm)
