KPPs, CDDs, and CPDs in O&S Phase

A single increment may not deliver full capability.  
 Initial CDD/CPD have to describe plan to reach full capability.  
 CDD/CPD updates are required if KPPs change.  
 AoA may need to be revised.

CDD/CPD updated before MS B for each increment.

- Addendum if only changes are to capabilities
- Entire CDD/CPD if:
  - > Significant revisions to overall strategy
  - > Capabilities in future increments are different
  - > KPPs change
